

À

We believe that each student is unique in himself. Each student is encouraged to discover this fine quality that distinguishes him/her from his colleagues. The student life in Leaders' College is what will make our present students the leaders of tomorrow.

À

Our school quickly stands as an elite learning institution in New Cairo. It distinguishes itself from other schools in many ways:

À

1. Innovative teaching techniques that maximize student achievement, aiming to fulfill at the 11 objectives settled by Robert À À À Marzano, the highest À school standard evaluation database among the United State Schools nowadays.
2. A rigorous curriculum with a particular focus on Character Building and Morals.
3. A high percentage of teachers with advanced degrees.
4. A commitment to Arabic and religious studies.
5. French language studies beginning in 1st elementary.
6. Small class capacity (maximum of 30 students per class)

À

This unique educational system, considers the young learner as not a passive recipient of information, but an active and positive participant of the learning process, a process that encourages and triggers critical thinking, creativity, imagination, self direction towards purposeful activities.
